CGPA: 9.5 / 10

## EXPERIENCE

---

**MERN Stack Developer Intern | Byte Uprise | Remote** **Nov-2024 to present**

- Worked on real-time web application projects using MongoDB, Express.js, React.js, and Node.js (MERN Stack).
- Developed a **Startup Company Website** using React.js, Node.js and Express.js including dynamic content management and responsive UI.
- Built **Tripmate**, a ride-booking application inspired by Uber, featuring real-time location tracking, user authentication, and booking system.
- Created a **Printable File Converter Web App** that allows users to upload PDFs and convert them into other formats, with download-ready output.
- Collaborated with a cross-functional team using Git and Agile methodology, improving technical and communication skills.

## CERTIFICATIONS

---

- **Applied AI** – TechSaksham (Microsoft)
- **MERN Stack Development** – EXCELR, Infiniz Solutions
- **Node.js & React.js** – Scaler, EXCELR, FreeCodeCamp
- **Java Programming** – Pantech, SoloLearn
- **Python Programming** – CodeTantra, Pantech
- **Web Development (HTML, CSS, JavaScript)** – FreeCodeCamp, ByteUprise, CodeSoft

## PROJECTS

---

### **E-Commerce Website (*Tech Stack: React.js, Node.js, Express.js, MongoDB, CSS*)**

- Developed a fully functional e-commerce platform similar to Flipkart.
- Implemented user features such as product browsing, cart management, and order placement.
- Built an admin panel to manage inventory, including adding, updating, and deleting products.

### **Food Ordering Website (*Tech Stack: React.js, Node.js, Express.js, MongoDB, CSS*)**

- Designed and developed a food delivery application inspired by Swiggy.
- Enabled restaurant owners to add menu items and manage offerings.
- Users can browse items, add to cart, and place orders through an intuitive interface.

### **Byte Uprise Company Website (*Tech Stack: Next.js, Node.js, Express.js, MongoDB, Tailwind CSS*)**

- Built a professional startup website for Byte Uprise, offering internships and business services.
- Designed responsive UI and integrated service listings, internship details, and contact forms.
- Deployed and maintained the site accessible via Google search at [byteuprise.com](https://byteuprise.com).
